

(a) *Critical circumstances* mean such circumstances as are described in section 202(b)(3)(B) of the Trade Act;

(b) *Perishable agricultural product* means any agricultural article or citrus product, including livestock, which is the subject of monitoring pursuant to section 202(d) of the Trade Act.

§ 206.33 Who may file a petition.

(a) *In general.* A petition under this subpart D may be filed by an entity, including a trade association, firm, certified or recognized union, or group of workers, that is representative of a domestic industry producing an article that is like or directly competitive with a Canadian or Mexican article that is allegedly, as a result of the reduction or elimination of a duty provided for under the North American Free Trade Agreement, being imported into the United States in such increased quantities (in absolute terms) and under such conditions so that imports of the article alone constitute a substantial cause of serious injury, or (except in the case of a Canadian article) a threat of serious injury, to such domestic industry.

(b) *Perishable agricultural product.* An entity of the type described in paragraph (a) of this section that represents a domestic industry producing a perishable agricultural product may petition for provisional relief with respect to imports of such product from Canada or Mexico only if such product has been subject to monitoring by the Commission for not less than 90 days as of the date the allegation of injury is included in the petition.

(c) The President is authorized to provide import relief with respect to an article from Canada or Mexico during the period provided for in section 305(a) of the NAFTA Implementation Act; the President may provide relief after the expiration of this period, but only if the Government of Canada or Mexico, as the case may be, consents to such provision (see section 305(b) of the NAFTA Implementation Act).

§ 206.34 Contents of petition.

A petition under this Subpart D shall include specific information in support of the claim that, as a result of the reduction or elimination of a duty pro-

vided for under the North American Free Trade Agreement, a Canadian or Mexican article, as the case may be, is being imported into the United States in such increased quantities (in absolute terms) and under such conditions so that imports of the article, alone, constitute a substantial cause of serious injury, or (except in the case of a Canadian article) a threat of serious injury, to the domestic industry producing an article that is like or directly competitive with the imported article. Such petition shall state whether provisional relief is sought because *critical circumstances* exist or because the imported article is a *perishable agricultural product*. In addition, such petition shall include the following information, to the extent that such information is publicly available from governmental or other sources, or best estimates and the basis therefor if such information is not available:

(a) *Product description.* The name and description of the imported article concerned, specifying the United States tariff provision under which such article is classified and the current tariff treatment thereof, and the name and description of the like or directly competitive domestic article concerned;

(b) *Representativeness.* (1) The names and addresses of the firms represented in the petition and/or the firms employing or previously employing the workers represented in the petition and the locations of their establishments in which the domestic article is produced;

(2) The percentage of domestic production of the like or directly competitive domestic article that such represented firms and/or workers account for and the basis for claiming that such firms and/or workers are representative of an industry; and

(3) The names and locations of all other producers of the domestic article known to the petitioner;

(c) *Import data.* Import data for at least each of the most recent 5 full years that form the basis of the claim that the Canadian or Mexican article concerned is being imported in increased quantities in absolute terms;

(d) *Domestic production data.* Data on total U.S. production of the domestic article for each full year for which data
